BILL HORN

CHAIRMAN
SUPERVISOR, FIFTH DISTRICT
SAN DIEGO COUNTY BOARD OF SUPERVISORS

Dear San Diego County Residents:

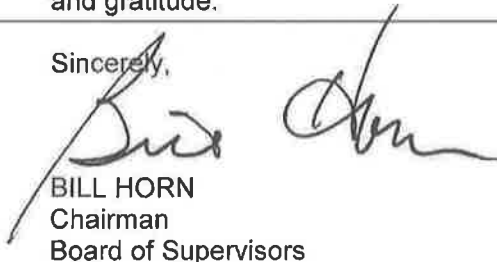

I am pleased to present the Military & Veterans Resource Guide. During my State of the County Address, I declared 2015 as the Year of the Veteran. Keeping with this declaration, the newly formed Office of Military & Veterans Affairs, under the leadership of the Health and Human Services Agency, created this resource guide to help our County's military and veteran community as they navigate the myriad of services available within our county departments.

Of the 3.2 million residents in San Diego County, well over one third are associated with our nation's military, and this number continues to grow. San Diego County is the number one region in the United States where Iraq and Afghanistan War Veterans are choosing to settle. As a county and as a community, we have a responsibility to take care of our veterans who have made the ultimate sacrifice for our Nation.

This important resource guide lists programs and services greatly needed by our Military, Veterans, Dependents, and Survivors. Included in this resource guide, you will find program and service descriptions along with contact information for Housing, Education, Employment, Healthcare, Benefits, and Family Caregiver Support. Additionally, you will find information about the County's first Military & Veterans Resource Center located in our new North Inland Live Well Center in Escondido.

This guide is a testimony to the County's Live Well San Diego vision of a region that is building better health, living safely, and thriving. It is an example of our stewardship to better serve our Military and Veteran population. If you are serving, have served, or are a family member of someone who served, you have my deepest respect, admiration, and gratitude.

Sincerely,

BILL HORN

WILFRED QUINTONG
MILITARY & VETERANS AFFAIRS OFFICER

Happy Veterans Day San Diegans,

In San Diego County, every day is Veterans Day. Our Chairman of the Board of Supervisors declared 2015 as the Year of the Veteran; however, the many initiatives developed during this audacious year will continue well beyond 2015. As the population of our Military, Veterans, Dependents, and Survivors increases, it becomes imperative that we collaborate among all our County Departments as well as with our Community Partners to work together in a noble effort to ensure that we are doing everything possible to help our Military and Veteran community.

This Military & Veterans Resource Guide offers important information on programs and services dedicated to our Military and Veterans. This guide is just one of many resources developed by the County of San Diego to help our Military, Veterans, and their families as they transition to a life beyond the service.

This resource guide is a collaborative effort across all County Departments which manage Veteran support programs. Brought together by the Health and Human Services Agency and the County's Office of Military & Veterans Affairs, over 62 County staff from 38 County departments convened to explore how County programs might work together to better serve active military, veterans and their families. Through monthly "Intel & Recon" meetings, County Departments are now better positioned to further develop and track Veterans support activities and goals which support the County's *Live Well San Diego* vision of building better health, living safely, and thriving.

We hope you will find this Military & Veterans Resource Guide useful. For additional information, please contact the County's Office of Military & Veterans Affairs at 858-694-3222 or 1-844-SERV-VET (737-8838).

Saluting All Those Who Are Serving and For Those Who Have Served,
